

Professional-grade
instruments for field service

**Digital Pocket
Multimeter
Model SPDM1**

**Non-contact
voltage LED
and buzzer**

- Back of meter unfolds to store test leads (included).
- Non-contact voltage.
- Autoranging.
- Volts AC & DC.
- Resistance.
- Diode test.
- Auto-off to save battery life.

Digital Pocket Multimeter

Model SPDM1

The SPDM1 is a pocket-sized digital multimeter designed to give you the most needed functions in a small, self-contained package. The SPDM1 includes test leads that store within the unfolding case of the meter; no more test lead stabs or tangles.

Features

- **Non-contact voltage with varying levels of indication. Red LED gets brighter and the buzzer gets louder the closer the sensor is to the voltage source.**
- **Measures voltage AC/DC, and resistance. Also tests continuity and diodes.**
- **Data HOLD button.**
- **Auto-ranging for easy testing and best resolution.**
- **Compact design with lead storage inside meter.**
- **Auto-off after approximately 10 minutes to save battery life.**

Specifications

Display:	3 1/2 digit LCD with max reading of 1999.
Battery:	Two 1.5 button-type batteries (IEC #LR-44, included).
Battery life:	70 hrs continuous operation typical.
Safety:	UL, CE, CAT II 600V, CAT III 300V, EN 61010-1 (IEC1010-1).

Function	Ranges	Best resolution / accuracy
Volts DC	2, 20, 200, 600	0.001 / $\pm 2.0\%$ + 2dgts
Volts AC	2, 20, 200, 600	0.001 / $\pm 4.0\%$ + 5dgts
Ohms (Ω)	200, 2k, 20k, 200k, 2M, 20M	0.1 / $\pm 2.0\%$ + 4dgts
Diode Test	2V	0.01 / $\pm 3.0\%$ + 3dgts
