Quickly Check System Charge

Connect two pressure probes and two pipe temperature clamps to immediately see system charge on your Job Link® app. Easily determine if unit is running properly, or if troubleshooting is needed. All measurements can be sent up to 350' away directly your mobile device. Each tool is designed for agility and speed. The pressure probe fits into tight spaces. The pipe clamp uses a new Rapid Rail™ sensor design to deliver accuracy, speed, and agility, even on the most awkward pipe configurations. Do more with Job Link® probes!

Made in Taiwan

Wireless Charge Test Kit JL3KR4

Powerful Wireless Signal Strength

- Up to 350' wireless signal
- Powerful enough to go through most walk-in coolers and freezers
- Directly transmits to your mobile device

Rapid Rail™ Sensor Advantages

- Stabilizes in under 5 seconds
- Beeper and LED indicate accurate connection
- The Rapid Rail™ sensor uses pipe to complete circuit so ambient conditions don't affect the measurement
- Narrow jaw connects in tight spaces and on irregular pipe shapes

Reliable Pressures Regardless of Location

- 45° angled fitting easily connects in tight spaces
- Pressure sensors are accurate at any elevation
- Calibrates automatically when powered on

SPECIFICATIONS

Wireless Range	350 feet (107 meters) line of sight Obstructions affect distance
Wireless Frequency	2.4 GHz
Battery	2 x AAA (included)
Battery Life	150 hrs typical alkaline
Auto Power Off (APO)	2 hrs (can be disabled)
Minimum Device Requirement	BLE 4.0 devices running iOS® 7.0 or Android™ 5.0
Water Resistant	Designed to IP55
Job Link® Pressure Probe - JL3PR	
Connector Type	45° Standard 1/4" NPT female flare
Best Accuracy	±1 psig (±7 kPa)
Measurement Range	0 to 550 psig (0 to 4000 kPa)
Maximum Overload	800 psig (5500 kPa)
Job Link® Premium Pipe Clamp Probe - JL3PC	
Pipe Compatibility	Electrically conductive 1/4" to 1 3/8" (6.4mm to 34.9mm) dia.
Accuracy	±1°F (±0.6°C)
Measurement Range	-60°F to 257°F (-46°C to 125°C)
Stabilization Time	3 seconds typical
Measurement Feedback	Beeper and LED
Patent	Pending

The Job Link® App Advantage
Send live measurements directly to your mobile device up to 350' away. Email a professional report with your company details and any job notes.

Mobile Device and Free Job Link® App Required

Mobile Device Not Included

Wireless Charge Test Kit Job Link® Probes JL3KR4

- iOS® and Android™
- Water Resistant
- Email Reports
- Title 24 Compliant
- Instant and Accurate Pipe Temps
- High/Low Side Switch and Indicator
- Connect Directly to Mobile Device
- Quick-Access Protective Case

Rapid Rail™ Sensor Benefits
The patent pending Rapid Rail™ sensor is lightning quick and accurate even in hot and windy conditions.

The LED and beeper indicate when you have an accurate connection with the pipe.

RIGHT STUFF

45° Angled Pressure Fittings
Connects easily in tight places and odd angles.
